CINI Australia acknowledges the Traditional Custodians of the land on which we work and live. We recognise their continuing connection to lands, waters, and communities and pay our respects to Elders past, present and emerging.

Cover: "We use this game to talk about what care is essential for pregnant women. The sticks represent community support and healthcare, like antenatal clinics, iron tablets and healthy food. The women can see how the addition or removal of each stick will affect the baby's survival. They then commit to support the new mother."

Message from the Chair

Annette Chivers
Chair, CINI Australia

In the 2023 - 2024 financial year CINI Australia transferred \$135,680 to Child in Need Institute (CINI), India for its development and sponsorship programs. This brought the total sent to CINI since its launch in 2011 to \$1,215,028. This achievement has been possible because of the loyal support of our donors, volunteers, community organisations, small Australian business and the commitment of the CINI Australia Board of Directors.

The 2023-24 financial year has been a time of change for CINI Australia. The fundraising environment has become increasingly tough with competing global needs relating to wars, crisis and instability with donors and supporters viewing these as a rightful priority.

As always, staff and volunteers are working on the ground to raise funds and awareness for women and children in the programs we support in India. Our fundraising activities included the annual Mother's Day event which raised \$39,957; a 'Play for Purpose' raffle; a Voli fundraiser; ongoing Containers-for-Change collections; and a 50th Anniversary fundraiser Celebration which raised \$19,325. Our loyal donors make a significant contribution with regular monthly donations. Many thanks to our volunteers and donors for their ongoing passionate contributions.

In February this year, CINI India turned 50! Four board members from CINI Australia travelled to Kolkata to attend anniversary celebrations and found it to be an incredibly meaningful experience. There were visits to the homes of people who have been supported by CINI Australia, visits to the Indian Initiative Child Centered HIV Aids Approach (IICCHAA) program, demonstrations of BMI testing in a rural area as part of a wider nutrition program and a visit to the UJJAN program for adolescents in the redlight area of Kolkata.

There were heartfelt meetings with the senior staff at CINI India with presentations on achievements, areas of concern and future strategies. It was humbling to hear the extent of the work done by CINI India and to meet members of CINI Italy, CINI Switzerland, CINI UK and CINI USA, creating an ongoing connection.

We look forward to a bright future and continuing to support our programs and develop new ideas, which of course can only be done with our donors, volunteers and corporate support.

The board acknowledges the support and contributions of many small businesses throughout Perth. They are fundamental to the success of our fundraising. We thank Modus Property in particular for its continued generosity.

Finally, I thank the board of CINI Australia, who give their time, effort and expertise in keeping us moving forward and we look forward to working together again next year.

With my sincere thanks and blessings,

Annette Chivers

CINI Australia, Child In Need India

About Us

CINI Australia was founded in 2010, inspired by work of Child in Need Institute, India (CINI) It collaborates with CINI India to empower women and children and address the fundamentals of poverty and disadvantage. It is non-aligned with no religious or political affiliation.

CINI India, founded in 1974, has grown from a small weekly clinic for severely malnourished children into one of India's leading development NGOs spanning five decades. developed the "CINI Method", a 'rights based' approach for sustainable development. bringing together community, government services and local leadership.

Our Vision

CINI Australia envisions a world where every woman and child has the opportunity to lead a healthy, dignified life, free from poverty and discrimination. We strive for a future in which marginalised communities have the capacity, knowledge and resources to break the cycle of intergenerational poverty, ensuring that every child is born and raised in a safe, nurturing environment.

Our Purpose

Our purpose is to facilitate giving so that Australians may contribute to our programs in India to improve the health, nutrition, education and protection of vulnerable women and children; ensuring their participation in community decision making and allowing children to achieve their full potential.

Our Values

To render aid in a manner appropriate to the needs of the recipients, fosters partnership and self-determination, increases individual and community capacity and skills and recognises the sovereignty of the recipients.

To be recognised as a trustworthy, reliable and effective organisation that meets or exceeds best practice standards.

Governance

CINI Australia, founded in 2010, is a notfor-profit company limited by guarantee, managed by a Board of Directors and governed by its Constitution. CINI Australia is registered with the Australian Securities and Investment Commission (ASIC) and the Australian Charities and Not-For-Profits Commission (ACNC). It is registered as a Charity in NSW and WA and is registered for fundraising in Queensland, South Australia and Tasmania.

CINI Australia is part of CINI International, an informal association of independent organisations including the USA, UK, Italy and Switzerland, who work with CINI under a Memorandum of Understanding.

CINI Australia is endorsed by the ATO as a Deductible Gift Recipient (DGR).

The Board

The Board of Directors (Board) provides leadership and strategic direction, and ensures that CINI Australia is governed effectively and complies with regulatory standards.

Meeting minutes are recorded and maintained as required. The Board develops the budget, monitors expenditure and oversees fundraising and public awareness activities. It decides on program selection and closely monitors program expenditure and progress.

The Board had 9 members and held 7 meetings during the year, including an Annual General Meeting.

Directors

- Dr Jennifer Connaughton, MBBS, Founding Member.
- Dr Peter Connaughton, MB BCh, LRCP&SI, MBA, FAFOEM,
- · Founding Member.
- Lee Leonhardt, BSc (Computer Sc.), Founding Member.
- Anne-Maree Pezzullo, BSc, MAppSci., Founding Member.
- Annette Chivers, B.Com, MCom, joined in 2018.
- Alex Blennerhassett, B.A. & LLB, GDLP, joined in 2021.
- Matt Herring, B.Com; PhD; GAICD, joined in 2021.
- Dr Ashwita Vanga, MBBS AMC, joined in 2021.
- Jaswinder Walia, Cert 4 Accounting & bookkeeping, joined in 2021.

Development. Awareness. Advocacy.

2024 and Beyond

CINI Australia's aim is to further develop sustainable and diverse sources of funding so that we can continue to work with Child in Need Institute for the relief of poverty in India. The need for effective development programs is now greater than ever.

We wish to expand our current community support base, further develop corporate relationships and pursue grant applications. CINI Australia has made an application for membership of the Australian Council for International Development (ACFID) and to become a signatory of the ACFID Code of Conduct. This will provide the opportunity to further develop high standards of governance and reporting, and ultimately the opportunity to apply for The Department of Foreign Affairs and Trade (DFAT) funding.

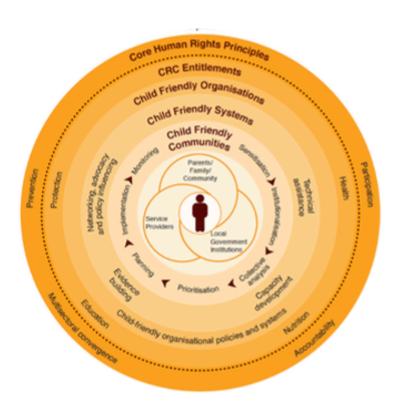

About Child in Need, India

CINI has impacted the lives of more than 50 million children, adolescents and women over the last 50 years. They have empowered 5.1 million adolescents, given 1.4 million pregnant and lactating women access to services, helped 92,000 children access educational services and addressed 76,000 children's nutritional needs. This is just a snapshot of their reach.

The CINI Method

CINI India's approach concentrates on creating child friendly communities. This involves families, local government, health services, schools, police and community leaders. They commit to respecting, protecting and fulfilling children's rights to participation in health, nutrition, education, and protection from all forms of abuse, exploitation and violence.

This process is the foundation of the CINI Method – an internationally recognised and awarded human rights-based approach to meeting the needs of children living in poverty.

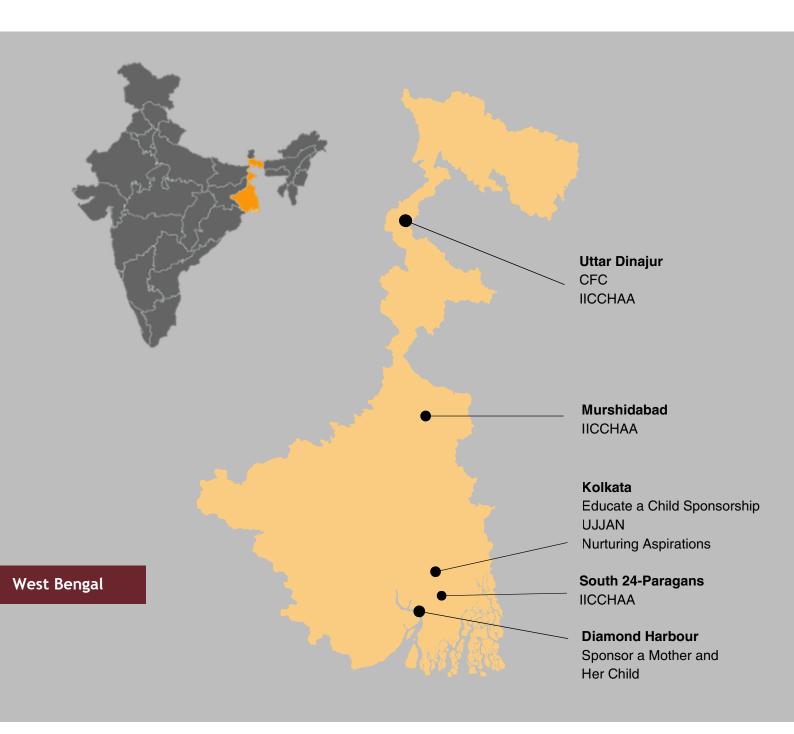

The model is based on the Convention on the Rights of the Child (CRC). It aims to create child friendly communities by:

- Involving the local community to uphold children's rights.
- Developing systems that support children's rights through training, technical support, evidence gathering, networking, advocacy, and policy influence.
- Strengthening organisations by helping government and non-government bodies apply rights-based approaches in their programs and operations, both in the field and at the system level.

Where We Work

CINI Australia's programs are located in three districts of the state of West Bengal, India: Uttar Dinajpur, Murshidabad, and South 24 Parganas. Those in need are identified by combining government demographic data with CINI's local knowledge. Programs are designed to reach those who are disadvantaged and most at risk, and whose needs are not addressed by other interventions.

Our Projects

- Child Friendly Communities (CFC).
- Indian Initiative of Child Centered HIV-AIDS Approach (IICCHAA).
- · Ujjan Project for adolescent boys and girls (UJJAN).
- Sponsor a Mother and Her Child Program "1000 Days" (SAM).
- Educate a Child Sponsorship (EAC).
- · Nurturing Aspirations (NA).

In 2023-24 all programs incorporated activities to address the impact of the COVID pandemic. Many gains of the last decade were lost during the pandemic, such as increasing malnutrition, children out of school, economic hardship for families, child labour and child marriage.

Project Funding

In the 2023 - 2024 financial year CINI Australia contributed **\$135,680** to CINI for our development and sponsorship programs, listed above. This brought the total sent to CINI since its launch in 2011 to **\$1,215,028**. This report covers part of two project years, as the Indian financial year runs from 1 April to 30 March. Budgets are received in Indian rupees, calculated at 50 INR/AUD, and are influenced by exchange rates. Reporting is undertaken every six months, with annual expenditure statements provided.

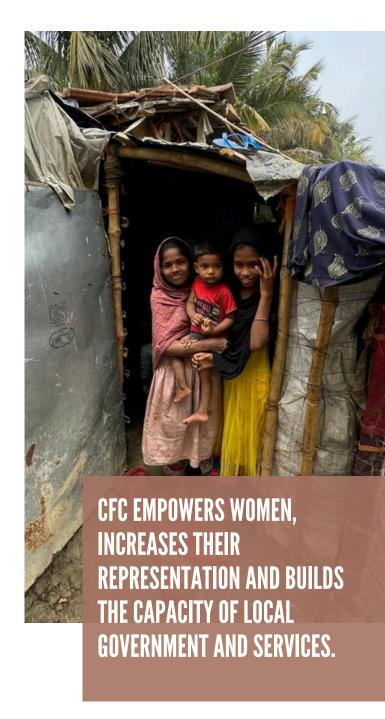

Child Friendly Communities (CFC)

This phase of the Child Friendly Communities (CFC) program Uttar Dinajpur, which commenced 2019. continues to address health, nutrition, education, and the protection of very disadvantaged villages. Education and health programs are reducing malnutrition and illiteracy, and preventing child marriage and trafficking. Women and children participate in community decision-making. Communities are building a safety net for their children.

CINI Australia's continued funding of CFC since 2012 has supported the evolution of a skilled and dedicated team that has been instrumental in the development of this innovative program. This year, a further 25 communities (sansads) were included, bringing the total to 229 and reaching over 68,000 people. Children's groups, youth volunteers, and women's self-help groups helped identify 571 children at risk. 88 primary schools, 26 high schools, 480 child health centres, and religious and community leaders participated. Over 1,400 people were linked to government schemes or benefits.

In 2023–24, CFC maintained a village-based focus in existing program areas while building child-friendly systems at higher levels of local government. CINI builds the capacity of government and frontline workers (health, schools), creating systems that empower women and children. This has resulted in greater responsiveness to their needs and the implementation of organisational plans and budgets to support long-term changes in health, education, and protection systems.

	Budget	Actual
2023-24	\$87,636	\$43,387
2022-23	\$76,500	\$59,205
2021-22	\$75,400	\$83,619

When a pregnant mother gave birth at home in her village before an ambulance arrived, she felt reluctant to go to hospital. A CINI health worker, alerted by a local adolescent group, visited the mother in her home. She explained the benefits of attending to check and register the baby which is necessary to link her with ongoing government financial benefits. She also offered support and advice about timely vaccinations and ongoing healthcare. Despite the family's initial hesitancy, the mother agreed. mother and child are now healthy and thriving. The family has gained critical knowledge and access to resources, empowering them for a healthier and more financially secure future.

Empowered Adolescent Girls

Thirteen girls from CINI's intervention blocks-Raiganj, Itahar, Hemtabad, and Kaliaganj—joined together to prevent their own marriages and shut down a homebased liquor manufacturer. They were honoured by the district and block administrations on Kanyashree Day, 14th August, which celebrates Kanyashree Prakalpa. The government initiative is to promote girls education and prevent child marriage for girls from economically disadvantaged families. The girls received certificates and a financial reward of ₹5,000 INR each. They are now powerful role models for other adolescents in their communities: A prestigious recognition and achievement for the children's group.

Indian Initiative of Child Centered HIV-AIDS Approach (IICCHAA)

The IICCHAA (Indian Initiative Child Centered HIV Aids Approach) program supports families affected by HIV/AIDS in 3 districts: 24 South Parganas, Uttar Dinajpur and Murshidabad. The program helps them to overcome the health, economic and social impacts of living with HIV/AIDS. It provides income training, nutrition supplementation, psycho-social support and access to medical care.

In 2023-24, IICCHAA supported 182 families including 223 children. 131 of the children and 196 of the parents are HIV positive. 21 of the children are orphaned and 61 have a single parent due to the disease.

The objectives of IICCHAA are to reduce stigma and discrimination through advocacy, educate parents and children with coping strategies for living with HIV/AIDS, strengthen community-level support groups, build the ability of families to manage, prevent and communicate about HIV/AIDS, and plan a secure future for their children.

CINI Australia has supported IICCHAA since 2012, developing a strong team who are skilled in engaging very vulnerable families, advocating with government services and providing effective community education. New families join the program ever year, as others become healthier, psychologically resilient and economically independent.

	Budget	Actual
2023-24	\$67,978	\$45,890
2022-23	\$62,894	\$60,993
2021-22	\$53,430	\$66,671

June's Story

When June was 10, her father was diagnosed with AIDS and died soon after. Her mother, Hosanna, also tested HIV positive, leaving the family emotionally devastated and without an income. With support from IICCHAA, Hoasanna started HIV medication and received immediate nutritional support. She started tailor training and soon began working as a zari worker from home. June, shy and introverted at first, participated in life skills training and awareness meetings. The team monitored June's studies through home visits. With educational support from IICCHAA, she advanced from class 11 to 12 with a private tutor's help. Now 17, June excels in school while assisting her mother. Their future prospects have dramatically changed with IICCHAA.

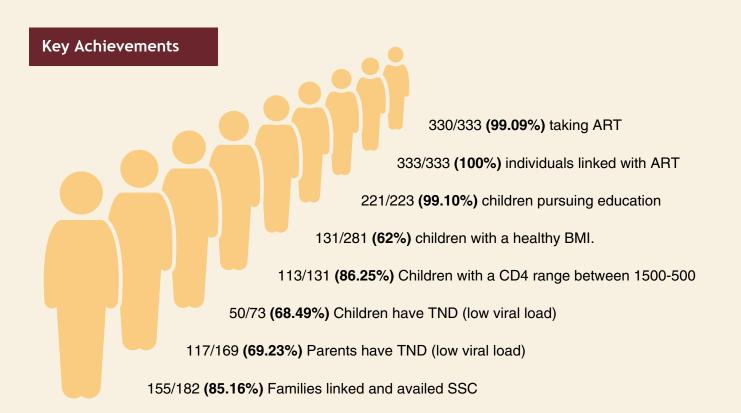

Ishan's Story

Ishan, a 9-year-old living with HIV, lost both HIV-positive parents by age 7. He and his brother live with their maternal grandparents, facing significant financial hardship. Ishan's health deteriorated, prompting a referral to IICCHAA by an outreach worker. After joining in April 2024, Ishan, shy and timid, received and educational nutritional support, helping him continue his education. His CD4 count is now 2098, and his body mass index (BMI) is 15.9, both within normal ranges. Despite significant challenges, Ishan's family receives crucial support to ensure his well-being and development. His grandparents are very relieved as Ishan's health and their financial situation improve.

Measuring Impact

IICCHAA aims at "developing a community based initiative towards creating an enabling environment for people infected and affected by HIV and AIDS with special emphasis on safeguarding future plans of children."

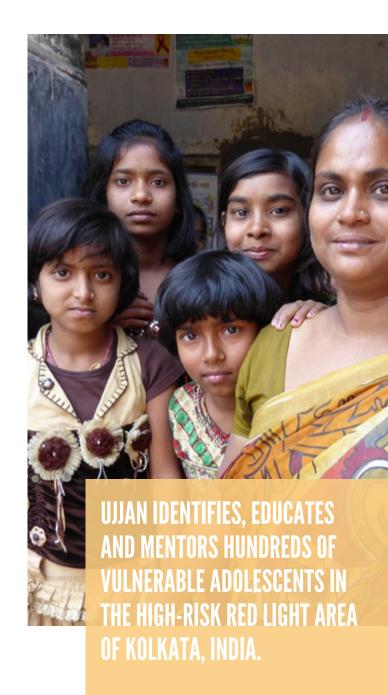

UJJAN Adolescent Program

Launched in 2021, Ujjan responds to the needs of highly vulnerable adolescents in Ramabagan, Kolkata. There are 18.2 million adolescents in West Bengal, who make up nearly 20% of the state's population. Teenage pregnancy remains a major cause of maternal mortality, with 16.4% of girls aged 15-19 having experienced motherhood or pregnancy. Despite government efforts, 41.4% of girls are still married before 18 (Ministry of Health & Family Welfare, 2021). Gender disparity, rights violations, and social exclusion exacerbate these issues.

Ujjan supports 545 adolescents (aged 10–19) from an extremely socially-excluded population in Kolkata's "Red Light District" in their transition to adulthood.

Ujjan identifies, educates, and mentors vulnerable adolescents in Kolkata's highrisk areas, equipping them with knowledge and skills in health, education, their rights and leadership. It supports parents, teachers, police and local leaders to understand adolescent needs and supports service providers to build their capacity and commitment to collaborative adolescent programs.

By knowing their rights, children are better equipped to navigate adolescence and adulthood and become leaders within their own communities.

	Budget	Actual
2023-24	\$55,369	\$41,357
2022-23	\$51,224	\$47,364
2021-22	\$31,999	\$28,740

"We come from a very poor family, so we couldn't support our son's studies. Saurav would have dropped out long ago. It's only because of Ujjan, that he has passed his higher secondary exams today. I could never have imagined that my son would ... get so many opportunities... people now listen to what he says — that itself is a big achievement for us."

-Rakhi Adhikari, mother of Peer leader

UJJAN **Empowering Adolescent** boys and girls (10-19 Years) for their Successful Transition fre Childhood to Adulthood in urban Koli

Creating Leaders

"My daughter goes to Ujjan, and because of that, her respect has increased. Now, in our slum, everyone listens to her. Earlier, no one talked to her or included her in anything. But now, everyone in the slum sees her as a leader."

- Mother of Nandini, Peer Leader.

Measuring Impact

After two years of implementation, we have seen significant changes in the knowledge, behaviours and lives of the Ujjan adolescents. The 2022- 2023 project report provided the following figures for participation and activities.

Data Sheet of Activities from September 2022 to August 2023					
Activities	No	Total Reach	Adolescent Reach	ABs	AGs
No of adolescent groups formed	25	545	545	290	255

Key Achievements

Amplifying Voices of Adolescent in Different Forums:

- Adolescents from Ujjain took part in forums over the course of the year, having their voices heard by: The United Nations Human Rights Office, The Health Department of KMC (Kolkata Municipal Corporation), UNICEF, Railway Childline, The Labor Department of the Government of West Bengal, Kolkata Mayor Firhad Hakim, Minister Swapan Samaddar, and other MMIC's, UNCRC.
- Adolescents also took part in International and National events such as: World No Tobacco Day, World Day Against Child Labour Day, World Environment Day, International Father's Day, Independence Day, National Girl Child Day, National Youth Day, Human Rights Day, World AIDS Day, World Mental Health Day and International Literacy Day.

Attending these events enables adolescents to confidently advocate for themselves and inspire powerful change from their perspective, giving them strength, authority and agency.

Sponsorships

CINI Australia are proud to support three sponsorship programs:

- 1. Sponsor a Mother and her Baby. (SAM)
- 2. Educate a Child. (EAC)
- 3. Nurturing Aspirations. (NA)

Sponsorships enable our donors to create a closer connection to individuals supported through our programs; seeing progress and development over a defined time period.

	Funds	Sponsorships
SAM	\$2,741	22
EAC	\$2,292	37
NA	\$945	2

Sponsor a Mother and Her Baby

Sponsor a Mother & Her Baby (SAM) is a village-based program led by CINI's field workers in collaboration with government frontline health workers. It focuses on the critical first 1000 days—from conception to a child's second birthday—providing essential support for mothers and babies. Husbands and mothers-in-laws also develop a greater understanding of the mothers' needs through the program.

Community workers visit young mothers in rural Diamond Harbour, connecting them with local health services. Ensuring access to proper nutrition, healthcare, and safe childbirth, improves maternal and child health outcomes.

Educate a Child - Safe Spaces

CINI's afterschool education centres for vulnerable children are in Wards 54 and 66 of Kolkata. These slums have been home to families for three generations. They work in leatherwork, rag picking, tanning, bag making, as domestic labour or rickshaw wallahs. It is difficult, low paid work. Children are first generation learners and need this extra support and tuition to succeed at school. They provide a safe place to play and learn in the care of CINI's community teachers.

While most of CINI's programs work at system and community level, some children need individual attention. Nurturing Aspirations provides that final support for a child with strong aspirations to change their present situation of multidimensional poverty for a better tomorrow. It provides help for the final school grades, Board Exams and then studies to develop skills and vocations that would make them job ready. It is the last safety net for the child who is "almost" ready to take charge of their life.

India Visit by CINI Australia

A group of CINI Australia Board members and loyal supporters travelled to India to celebrate CINI's 50th Anniversary. A truly remarkable milestone on 1st February in Kolkata. The guests of honour were children from 4 of the states in which CINI works. They spoke to us about their lives, the change CINI has helped them make, their dreams and aspirations and their determination to achieve their rights and to be heard. Their beautiful regional dances were joyous celebrations, their dramas skilfully addressed family violence, gender equity, inclusion and child marriage.

Outstanding staff received well deserved recognition for their dedication and work over the past 50 years. Congratulations and recognition came from the world's leading organisations working against child exploitation and violence against children including the UN, SAIEVAC, ECPAT and the West Bengal Commissioner for the Protection of Child Rights. Support groups came from Italy, Switzerland and Australia joined this celebration of extraordinary achievements.

Next, the CINI Australia team travelled to with women. children. CINI meet employees, and local government workers involved in the programs. They engaged in discussions about the initiatives and challenges while also observing their impact firsthand. They heard countless stories of transformation in health, social inclusion, and emotional well-being among families. Meeting and speaking with women and children in their villages is a vital part of assessing the impact of contributions from CINI Australia supporters.

NB: All travel was self-funded by the team.

Fundraising Activities

CINI Australia events and appeals were a success thanks to the hard work and enthusiasm of over 80 committed volunteers, raising a total of \$78, 032.

- Our 2023 Christmas Appeal raised almost \$2,310.
- Our Mother's Day Celebration
 Fundraiser, at John XXIII College raised over \$39,957.
- The **Ferngrove Wines Fundraiser** in November 2023 raised **\$600**.
- 50th Year Anniversary Fundraiser -\$19,325.
- EOFY Appeal \$16,971.
- · Children's Day Appeal raised \$1,850.

Our supporters—including individuals, schoolchildren, workplace groups, and community organisations, have hosted their own fundraisers to support CINI Australia:

- NAARI International Women's Day by the Indian Society of W.A (ISWA).
- Ladies Group of AIMA raffle (Australian Indian Medical Association, W.A).
- Wonderful Women of Wyndham's Mother's Day Fundraiser raised \$6,000.
- Individuals recycling via Containers for Change, raising \$2,202.
- Dr Ashwita Siri Vanga's Mother's Day Tea in Toowoomba, QLD.
- Play for Purpose ticket sales have started with a test launch of \$5.

Recurring Donations

CINI Australia is founded on the principle of sustainable development, which needs long term planning with projected budgets. Recurring donations form an important component of fiscal planning over the life of a program. Regular donor contributions for 2022-2023 amounted to \$21,722.

Corporate Donations

This year **Modus Property** generously donated a total of over **\$21,400**. This extraordinarily generous donation came from Modus Property, a local Perth company offering building repairs and renovations. Their monthly contributions since 2017 have meant support over 200 children affected by HIV every year.

Grants and Foundations

CINI Australia applied for six grants, both locally and internationally, including 100 Women, Ethical Jobs.com, Paul Hamlyn Foundation, Perpetual Global Foundation, Direct Aid Program Kolkata and Mercury Phoenix Foundation in the UK. Unfortunately, we were unsuccessful in gaining support from these grants. The feedback we received indicated a highly competitive environment with an astoundingly large number of applications for each grant. We gained valuable information from the assessors to evaluate and maximise our strategies in the future.

Publicity and Awareness

Our strategic commitment this year has been to review our website and make it more user friendly for our donors and supporters, and to be used as a marketing and information tool for future activities. This has now been completed and thanks are to be given to Pippa Worthington of Heart and Soul Consulting for helping us with the process. The website is now kept up to date with ongoing maintenance and content creation.

This year we have produced three quarterly newsletters. Each e-newsletter is sent to **900** recipients, with **250 printed copies** for marketing, promotional and sending to our database of supporters. Using newsletters and social media we communicated messages, events and stories of success from India and locally, highlighting our fundraising events. It also provides our donors with a way to give us feedback on our activities.

ACFID Membership

CINI Australia has commenced the application process for membership to the Australian Council for International Development (ACFID) and to become a signatory to the ACFID Code of Conduct. This rigorous process requires valuable and order to meet the standard of governance and project implementation required by the ACFID Code of Conduct,

Code of Conduct

For more information, please visit: acfid.asn.au/code-of-conduct/

Credibility & Public Trust

- ACFID Code of Conduct Membership means CINI Australia complies with a recognised, rigorous code covering transparency, governance, and ethical fundraising.
- Trust signal to donors Displaying the ACFID logo will reassure our supporters that funds are managed and used responsibly.
- Government recognition DFAT (Department of Foreign Affairs) and other funding bodies require or prefers ACFID membership for grants and project support.

Acknowledgments

Our fundraising success is due to the contributions of many generous individuals donors. CINI Australia is extremely grateful to all the small local WA businesses who contribute in spite of the current economic climate. They all make a huge difference.

CINI Australia depends on the effort and skills of the wonderful individuals who include:

- · Mother's Day Team.
- John XXIII College and the students of IONA and PLC.
- Containers for Change champions.
- · CINI Australia volunteers for their essential assistance throughout the year.

CINI Australia acknowledges its dedicated Board members for their commitment and thanks the many professionals and community originations helping achieve our goals.

- Claire Manera and Charlotte Terrier for their skilled and enthusiastic administrative, fundraising, grant application and ACFID work to further our work in India.
- Richard Gregson and SW Accountants and Advisors, Perth.
- · Gail Robertson and Carbon Brisbane.
- Modus Property, for their continued support since 2018.
- · Killerby Wines for fundraising support.
- We thank the Perth Indian Community for their valued ongoing support.

We acknowledge Child in Need Institute, Dr Samir Chaudhuri, Management, Project coordinators, district teams, field officers and outreach workers for their inspiration and dedication to women and children in India.

Audited Financial Statement 2023-2024

The financial statements were prepared by SW Auditors and approved by the Board. CINI Australia is committed to keeping expenses to a minimum whilst ensuring that it remains solvent and financially secure.

Note on Expenditure

CINI Australia receives dedicated donations each year to fund the human resource cost of administration/fundraising position in Australia. In 2023-24 CINI Australia was therefore able to keep expense to This maximizes the funds from donations that go directly to India for our projects.

Directors' Report

CINI AUSTRALIA - A Company Limited by Guarantee For the year ended 30 June 2024

The directors present this report on the company for the financial year ended 30 June 2024.

Directors

The names of each person who has been a director throughout the year and at the date of this report are:

Alex Blennerhassett	Carolee Ruth Leonhardt
Annette Chivers	Anne-Maree Pezzulio
Jennifer Connaughton	Jaswinder Walla
Peter Connaughton	Ashwita Siri Vanga
Matt Herring	

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Entity Details

The registered office of the company is:

Suite 17, 38 Meadowvale Avenue, South Perth WA 6151

The business address of the company is:

Suite 17, 38 Meadowvale Avenue, South Perth WA 6151

Principal Activities

The principle activity of CINI Australia was supporting 3 programs with Child in Need Institute in West Bengal, India. The Child Friendly Communities (CFC) Hemtabad program, which commenced in April 2019, continued to address health, nutrition, education and protection of very disadvantaged villages. Education and health programs build the capacity of the communities to reduce malnutrition, illiteracy, child marriage, trafficking and the relief of poverty. It empowers women, increases their representation and builds the capacity of local government and services. The IICCHAA program supports families affected by HIV /AIDS in 3 districts. It helps to overcome the health, economic and social impacts of living with HIV/AIDS, provides nutrition supplementation, psycho-social support, advocacy and access to medical care. The Ujjan project supports 545 adolescents from a "Red Light District" of Kolkata in their transition to adulthood. Funds also supported children in Kolkata's education centres and young rural mothers through pregnancy and early parenting.

Achieved Objectives for the year ended 30 June 2024

- Support of women and children in need in India through continuation of the Child Friendly Communities Development project in Hemtabad Block, approximately 140 villages.
- IICCHAA program reached for 182 families with 223 children.
- Ujjan program with 545 urban adolescents achieved peer training and community outreach.
- Assisted at risk primary and secondary children in Kolkata to attend education centres.
- Improved antenatal and early childhood health care for mothers in Diamond Harbou

Short-term and Long-term Objectives

The company's short-term objectives are to:

- Support current and new families in IICCHAA (HIV/AIDS) program to improve their health, community and government support.
- Expand Child Friendly Communities program to a second block and to district level (Uttar Dinajpur).
- Provide CINI Australia sponsorships for mothers and children in need.
- Develop CINI Australia's reach and support base in Australia.

The company's long-term objectives are to:

- Provide interventions that relieve poverty for those in need in India.
- Support sustainable development programs in areas of need in India.
- Empowerment of women, improve female literacy and reduce malnutrition in India to break the inter-generational cycle
 of poverty.
- Develop a reliable donor and support base in Australia.
- Increase awareness in Australia of the work of Child in Need Institute in India.
- Maintain a sustainable organisation in Australia that meets best standards of governance.
- Minimise expenditure in Australia whilst remaining solvent and visible.

Strategy for Achieving the Objectives

To achieve its stated objectives, the company has adopted the following strategies:

- Hold a variety of fundraising activities each year.
- Invite community and volunteer participation in all activities.
- Encourage independent activities in support of CINI Australia.
- Increase awareness of the need in India and the work of Child in Need Institute.
- Build a diverse donor population and provide them with regular information.
- Maintain regular communication with Child in Need India for project planning and evaluation, guided by the Memorandum of Understanding.
- Site visits to programs in India.

Key Performance Measures

The company measures its own performance through the use of both quantitative and qualitative benchmarks. The benchmarks are used by the directors to assess the financial sustainability of the company and whether the company's short term and long-term objectives are being achieved.

Notes to the Financial Statements

CINI AUSTRALIA - A Company Limited by Guarantee For the year ended 30 June 2024

1. Statement of Material Accounting Policies

The Directors have determined that the company is not a reporting entity and accordingly, this financial report is a special purpose report prepared for the sole purpose of distributing a financial report to members and must not be used for any other purpose. The Directors have determined that the accounting policies adopted are appropriate to meet the needs of the members.

The financial report has been prepared on an accrual basis and under the historical cost convention, except for certain assets, which, as noted, have been written down to fair value as a result of impairment. Unless otherwise stated, the accounting policies adopted are consistent with those of the prior year.

The accounting policies that have been adopted in the preparation of the statements are as follows:

a) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

b) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Where the company retrospectively applies an accounting policy, makes a retrospective restatement or reclassifies items in its financial statements, a third statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements must be presented.

c) Critical Accounting Estimates and Judgements

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

Key Estimates - Impairment

The company assesses impairment at the end of each reporting period by evaluating conditions and events specific to the company that may be indicative of impairment triggers.

d) Goods and Services Tax

Transactions are recognised gross of GST, as the entity is not registered for GST.

e) Income Tax

No provision for income tax has been raised as the company is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

f) Revenue Recognition

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the entity and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

Donations and bequests are recognised as revenue when received.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument.

All revenue is stated gross of the amount of goods and services tax (GST), as the entity is not registered for GST.

Sale of goods - Revenue is recognised on transfer of goods to the customer as this is deemed to be the point in time when risks and rewards are transferred and there is no longer any ownership or effective control over the goods.

g) Property, Plant and Equipment

Plant and equipment are measured on a cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than its estimated recoverable amount, the carrying amount is written down immediately to its estimated recoverable amount and impairment losses recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present.

The cost of fixed assets constructed within the company includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Depreciation

The depreciable amount of all fixed assets is depreciated on a straight-line basis over the asset's useful life to the entity commencing from the time the asset is held ready for use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the association and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss during the financial period in which they are incurred.

h) Provisions

Provisions are recognised when the entity has a legal or constructive obligation resulting from past events, for which it is probable that there will be an outflow of economic benefits and that outflow can be reliably measured. Provisions are measured using the best estimate available of the amounts required to settle the obligation at the end of the reporting period.

7. Distributions to Child In Need Institute India

For the two years ended 30 June 2013, distributions of funds to Child In Need Institute India totaling \$86,762 were reported within the Profit and Loss as Donation Expenses. From 2014 onwards these payments have been classified as Distributions to Child In Need Institute India within Equity, totaling \$1,128,266. The total distributions to Child In Need Institute India since 2012 are \$1,215,028.

8. Contingent Liabilities and Contingent Assets

In the opinion of the Directors of the Company, the Company did not have any contingencies at 30 June 2024. (2023: None). 9.

Events After The End Of The Reporting Period

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in the future.

10. Consultancy Fees - Admin

This expense is covered by specific donors itemised in Revenue - Donations Admin Costs and is separate to donations made for programs in India.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CINI AUSTRALIA

Opinion

We have audited the financial report of CINI Australia (the Company), which comprises the statement of financial position as at 30 June 2024, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of CINI Australia is in accordance with Division 60 of the Australian Charities and Not-for-profits Commission Act 2012, including:

- a. giving a true and fair view of the Company's financial position as at 30 June 2023 and of its financial performance for the year then ended, and
- complying with Australian Accounting Standards to the extent described in Note 1 and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Australian Charities and Not-for-profits Commission Act 2012 and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the Australian Charities and Not-for-profits Commission Act 2012. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the Australian Charities and Not-for-profits Commission Act 2012 and is appropriate to meet the needs of the members. The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of

Bristiane Level 15 240 Queen Street Bristiane QLD 4000 1 + 61 7 3085 0888 Melbourne Level 10 530 Collins Street Melbourne VIC 3000 T + 61 3 8635 1800 Porth Level 25 18 St Georges Tempore Perth WA 6000 T + 61 8 6184 5980 Sydney Level 7, Aurora Place 88 Philip Street Sydney NSW 2000 T + 61 2 8059 6800

sw-qu.com

accounting unless the directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on
 the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast
 significant doubt on the Company's ability to continue as a going concern. If we conclude that a material
 uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the
 financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the
 audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause
 the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
